

**Together,
Let's walk
towards 2033!**

We call on all Christians for a Decade of Resurrection.
Let's walk on ways of **Unity** and **Witness** towards the **Celebrations**
of the 2000 years of the Resurrection of Jesus Christ in 2033!

This walk has three stages

- Unity:** Let's gather around Jesus Christ, as He calls us to be one, and let's visit each other!
- Witness:** This Jubilee and its preparation is a historical opportunity to share the Love of God.
- Celebration:** The festivities around this 2000 anniversary should be joyful, artistic and creative. Celebrating the beauty of the Resurrection of Christ in diversity and joy will be attractive.

A Decade of Resurrection

At Easter 2023, ten years separate us from Easter 2033.
We invite you to mark this moment!

Various Ways towards 2033

- A way where the **love** of Christ embraces us and flows among us and among the Churches.*
- A way of **holiness** where we allow ourselves to be transformed by Christ.*
- A way of **unity** where we are reconciled, in response to Christ's prayer.*
- A way of **service** where we meet the most neediest in whom Christ awaits us.*
- A way of **prayer** where we pray with perseverance to Christ, the King of our hearts.*
- A way of **witness** where Christ sends us to proclaim the light of His resurrection.*
- A way of **justice**, where we share Christ's humble and fraternal way of life*
- A way of **peace**, where we look to Christ who destroyed the walls of enmity by His cross.*

*We can live these ways now, putting the risen Christ at the heart of our personal lives,
at the heart of our Church and between the Churches.*

May the Holy Spirit who raised Jesus Christ from the dead enlighten us and lead us!
